

# Unigy® Soft Client

## Solution sheet

### Unified Communication Platform

Unigy Soft Client for Windows and Unigy Mobile Client for IOS and Android run on the same Unigy backroom platform as all other Unigy endpoints. The application can be rapidly deployed and delivers powerful features with the same intuitive look and feel as the end user interface of the IQ/MAX Touch Turret:

- PSTN, ARD, MRD support
- Hoot and ICM integration to all IPC endpoints
- Resizable application window
- Up to 16 speaker channels
- Dual Talk Path
- Microsoft Outlook integration
- Extensible applications area
- Full VR parity with physical turret
- Optional Light / Dark Modes

### Technical Features

Unigy Soft Client for Windows is a full-function, soft trading platform flexibly deployed, managed and maintained from your centralized infrastructure and featuring:

- PC-based soft turret
- Support for up to 2 USB Audio devices
- Citrix VDI Support
- Full Blue Wave® API Support
- Up to 18 VR Streams

The volatility and uncertainty of environments today requires firms to quickly adapt or risk falling behind. Whether it is a BCP event or the new normal, IPC's Unigy Soft Client provides traders with the same functionality, consistency and flexibility that is expected from Unigy, regardless of location, device or application.

### Crisis-proof Your Business

IPC provides an immediate and cost-effective business continuity solution for customers. When an unpredictable situation disrupts business or prevents access to the front room, other systems may struggle to adjust. However, IPC Unigy users can ensure their business and customers are free from disruption by seamlessly switching to Unigy Soft Client.

### Empower the Mobile Trader

With full featured options for laptops and mobile devices, IPC's Unigy Soft Client ensures working remotely is no longer a disadvantage.

### Extend the Productive Workday

Have an early meeting, working late, or can't be in the office? IPC's Unigy desktop and Mobile soft clients enable users to communicate with anyone 24x7x365 across the globe. In summary, more trades are completed faster, increasing your contact and collaboration across the entire trade lifecycle!

### Equip Satellite Offices Fast

IPC has got you covered! The Unigy Soft Client can be deployed rapidly to address any expansion or mobility requirements.

### Explore New Markets

Want to explore an emerging or frontier market? No need to make a major investment in physical devices. Unigy Soft Client can be quickly set up in new markets before going all in on dedicated front room equipment.

### Simplify Administration

3rd party solutions create a communications island and pose a variety of compliance challenges. IPC's Unigy Soft Clients are natively integrated with the rest of your Unigy Enterprise, allowing for seamless administration of business and compliance policies, across the entire user base.

# Unigy Soft Clients for Windows, IOS and Android

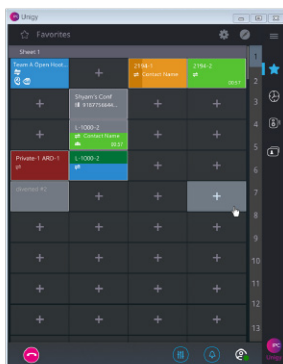

**Instant access to all your most important contacts and resources. Trade Anytime! Trade Anywhere!** Your IQ/MAX Touch turret is now virtually at your fingertips, allowing you to collaborate, analyze and — most importantly — communicate with your customers, support staff and counterparties at any time.

## Access to Private Wires, Hoots, Speakers and Intercom

The Unigy Soft Clients allow instant access to all your contacts and counterparties via an extremely intuitive end user interface.

## Global Power and Flexibility for Traders

The Unigy Soft Clients ensure your access to markets and customers by extending the full functionality of the industry-leading IQ/MAX Touch Turret and Unigy Backroom to the desktop of any PC, IOS or Android mobile device.

### Unigy Soft Client for Windows

- Infinitely resizable application window
- Support for Citrix VDI deployments
- Integration with local Microsoft Outlook contacts
- Simultaneous Dual Talk Path
- User-customizable color coding for grouping of important contacts

### Unigy Mobile Client for IOS & Android

- Optimized for smaller screens of IOS and Android Mobile devices
- Supports all Lines, Contacts and Speakers available on Unigy Turrets
- All edits/changes synchronized with IQ/MAX Touch Turret and Unigy Soft Client for Windows
- Application works in background when not being viewed

## About IPC

IPC is a technology and service leader that powers financial markets globally. We help clients anticipate change and solve problems, setting the standard with industry expertise, exceptional service and comprehensive technology. With customers first and always, we collaborate with each to understand their individual needs to help make them secure, productive and compliant within our connected community. Through service excellence, long-developed expertise and a focus on innovation and community, we provide agile and efficient ways for our customers to accelerate their ability to adapt to the ever-changing requirements for advanced data networks, compliance and collaboration with all counter-parties across the financial markets.
