

Unigy® Soft Client

Solution Sheet

Unified Communication Platform

Unigy Soft Client for Windows and Unigy Mobile Client for IOS and Android run on the same Unigy backroom platform as all other Unigy endpoints. The application can be rapidly deployed and delivers powerful features with the same intuitive look and feel as the end user interface of the IQ/MAX Touch Turret:

- PSTN, ARD, MRD support
- Hoot and ICM integration to all IPC endpoints
- Resizable application window
- Up to 16 speaker channels
- Dual Talk Path
- Microsoft Outlook integration
- Extensible applications area
- Fully Compliant
- Optional Light / Dark Modes

Technical Features

Unigy Soft Client for Windows is a full-function, soft trading platform flexibly deployed, managed and maintained from your centralized infrastructure and featuring:

- PC-based soft turret
- Support for up to 2 USB Audio devices
- Citrix VDI Support
- Full Blue Wave® API Support
- Up to 18 VR Streams

Unigy Soft Clients for Windows, IOS and Android

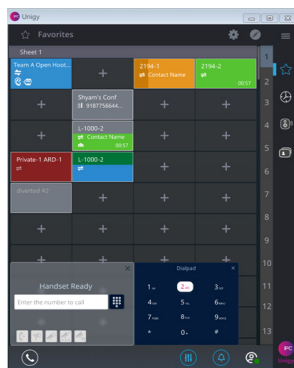

Instant access to all your most important contacts and resources. Trade Anytime! Trade Anywhere!

Access to Private Wires, Hoots, Speakers, Dial Tone and Intercom

The Unigy Soft Clients allow instant access to all your contacts and counterparties via an extremely intuitive end user interface.

Global Power and Flexibility Traders

The Unigy Soft Clients ensure your access to markets and customers by extending the full functionality of the industry-leading IQ/MAX Touch Turret to the desktop of any PC, IOS or Android mobile device.

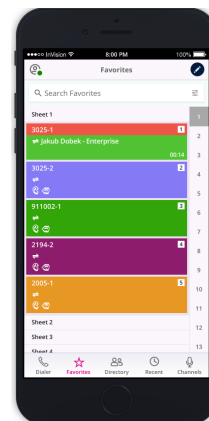

Unigy Soft Client for Windows

- Infinitely resizable application window
- Support for Citrix VDI deployments
- Integration with local Microsoft Outlook contacts
- Simultaneous Dual Talk Path
- User-customizable color coding for grouping of important contacts

Unigy Mobile Client for IOS & Android

- Optimized for smaller screens of IOS and Android Mobile devices
- Supports all Lines, Contacts and Speakers available on Unigy Turrets
- All edits/changes synchronized with IQ/MAX Touch Turret and Unigy Soft Client for Windows
- Application works in background when not being viewed

The volatility and uncertainty of environments today requires firms to quickly adapt or risk falling behind. Whether it is a BCP event or the new normal, IPC's Unigy Soft Client provides traders with the same functionality, consistency and flexibility that is expected from Unigy, regardless of location, device or application.
