

# Unigy® Mobile Application

**Instant, Anytime, Anywhere**  
**Access to all of your trader voice needs!**

## Unigy Mobile Application for iOS & Android

**Secure and Compliant Access to Private Wires, Hoots, Speakers, Dial Tone and Intercom**

The Unigy Mobile Application **allows instant access to all your contacts** and counterparties via an extremely intuitive and efficient end-user interface

### Global Power and Flexibility for Traders

The Unigy Mobile Application **ensures your access to markets and customers** by extending the functionality of the industry-leading IQ/MAX Touch Turret to any iOS or Android mobile phone.

### Unigy Mobile Client for iOS & Android

- Optimized for smaller screens of iOS and Android Mobile devices
- Supports all Lines, Contacts and Speakers available on Unigy Turrets
- All edits/changes synchronized with IQ/MAX Touch Turret and Unigy Soft Client for Windows
- Application works in background when not being viewed

### Unified Communication Platform

The Unigy Mobile Application for iOS and Android enables today's traders to remain secure, connected and productive from anywhere at any time.

Whether commuting between home and office or unplanned time away from the desk, the Unigy Mobile Application is the only tool you need!

The application can be easily added to any existing user's profile and delivers powerful features with the same intuitive look and feel as the end user interface of the IQ/ MAX Touch Turret:

- Support for PSTN, ARD, MRD, Hoots, ICM and TV Audio
- Fully integrated to all IPC endpoints
- Up to 12 speaker channels
- Integration to local mobile phone contacts / directory
- Fully Compliant

### Technical Features

The Unigy Mobile Application is a full-function, soft trading platform flexibly deployed, managed and maintained from your centralized infrastructure and featuring:

- Mobile Device based soft turret
- Seamless integration to existing VR environment
- Supported on iOS & Android Mobile Phones

The volatility and uncertainty of environments today require firms to quickly adapt or risk falling behind. Whether it is a BCP event or the new normal, IPC's Unigy Mobile Client provides traders with the same functionality, consistency and flexibility that is expected from Unigy, regardless of location, device or application.
